

WATERCOLOR WORKSHOP

“The Art of Negative Painting”

Seacoast Art Association – Exeter, NH

May 13th & 20th 10am-2pm (\$150 includes both weeks)

Margaret Dwyer

Broaden your knowledge of watercolor’s potential by learning the art of negative painting. Negative painting, lost & found edges, and glazing work together to create dramatic results. These techniques organically blend subject matter with the space around it. Various studies will allow you to understand the concepts and how they apply to any subject matter. Join us in a relaxed setting with fellow painters and learn more about this amazing medium!
